

## BODIE

Bodie was found as a stray in Reno, Nevada in early September. When his owner failed to claim him, he was turned over to Sacramento Sierra Norwegian Elkhound Club (SSNEC) Rescue. He's about 7 years old and other than being a bit overweight, he's in good health and quite energetic. He's neutered, heartworm negative, and current on all his vaccinations. Bodie is friendly and outgoing and loves to be petted and brushed. He enjoys going for walks and walks very nicely on the leash. He gets along with other dogs and enjoys being outside in the yard, but is quite comfortable in the house as well. If you want a sweet, sweet dog who has lots of love to share and who will make a wonderful companion, then Bodie is just right for you! To adopt Bodie, or for more information, contact Sue Green, Rescue Coordinator, Sacramento Sierra Norwegian Elkhound Club, at [Seg1seg@aol.com](mailto:Seg1seg@aol.com) or 916-965-6846.
