

Meet Spirit

Hi, my name is Spirit, and I'm a sweet, 6- to 7-year-old lab/Doberman male with a great attitude and disposition—even though my life has been quite rough lately. First, my owner died and then the man who took over the care of me had to leave the country and couldn't take me with him. I was rescued by C.A.R.E. 4Paws and am now urgently looking for a forever home.

They say my eyes can melt just about anyone's heart. I hope this is true. All I want is a loving home of my own with caring people who will be as loyal to me as I will be to them.

I'm a big boy, but I'm very gentle, walk nicely on leash and listen well. I know basic commands, like sit, down, heal and drop. In fact, I've had a personal trainer work with me and he says I'm "a smart, great dog who learns things very fast."

I'm calm but also like to walk, run and play. *I love to give kisses and cuddle*, and I can be quite the goofball, too.

I would do best in a family as the only dog or with another female friend. My former roommate was a small male dog and I loved him very much, but still, I like intros to new male dogs to be slow.

****Find out more info about me by calling 805.968.2273 or email info@care4paws.org. You can set up an appointment through Isabelle or Karen with C.A.R.E.4Paws to come see me at La Conception, where I'm being boarded.**

Trust me, I'm worth it!
